

Ruhrpark Bochum

Bochum
Completion 2015

Client: mfi Development GmbH
Cost: appr. 11.700.000 Euro
Area: appr. 33.000 sqm
Service Phases: Lph 2 - 5
Duration: 2013 - 2015
In collaboration with: Maas und Partner Architekten;
Hütténes GmbH Architekten;
Hetzl, Tor-Westen + Partner;
BDS BUILDING.DESIGN.
SOLUTIONARCHITEKT;
Ingenieurgruppe IVV GmbH & Co. KG

The largest German 'Open Air Shopping Center' in Boshum was opened on 04.11.2015, after a mere two years of planning and implementation, for a completely new experience value.

The design strategy included a complete renovation of the natural stone surfaces into an elaborate radial hardscape pattern, and an entire upgrade of the outdoor furniture that was underlined with numerous high-quality border edging. The surrounding large parking areas, with a total of 4,800 spaces, have also experienced a complex remodeling with new marking concepts, orientation systems and a renewal of the lighting system.
