

Youth Laboratory JuLab

Jülich
Completion 2017

Client: Forschungszentrum
Jülich GmbH
Contact: Herr Serve
Cost: 251.800 €
Area: 1.600 sqm
Service Phases: Lph 1 - 3
Duration: 2016 - 2017

The outdoor space of the youth laboratory is being expanded. Existing parking spaces are being rededicated for this purpose. In addition to a spacious entrance area, new active spaces are being established in front of the building with climbing, jumping and balance equipment. All areas are bordered with hedge plants and linear seating elements. The existing lounge area behind the building is surrounded by trees and hedge plants.
